Bento, the largest sushi company outside of Japan, is creating a global multi-channel and multi brand Asian food platform. Bento operates over 600 sushi bars, 28 North American retail locations, with 2000 trained chefs producing over 20 million servings of sushi each year with operations in grocery stores, universities, colleges, hospitals, airports and business service locations. Bento also offers poke and a full service Japanese hot food program that consists of bento boxes, donburi bowls, ramen soups, udon bowls, yaki udon dishes, and izakaya sharable dishes.
