OUR STORY

HARVEY'S

WWW.HARVEYS.CA

Much has changed in the past 60 years,
**however our recipe has remained as true
and delicious as ever**

STORE REQUIREMENTS

- 1,500 – 1,900 SF
- Inline or end-cap, or freestanding locations
- Drive thru preferred but not a requirement
- Approaching 30 locations & growing rapidly both corporate and franchise
- Immediate requirement for existing franchisee's second location in Milton (south-east).

At Harvey's, we have a long history of proudly serving Canadians great tasting burgers. For over 60 years, our restaurants have been Canadian owned and operated, serving Canadians all across our beautiful country.

Our Harvey's grill master charbroil each burger to perfection at 600 F on an open-flame grill. Once the burger is set in front of you, we let you choose from a selection of fresh toppings and together we build your perfect burger right before your eyes. Your burger made just the way you want it.

FOCUSING ON SUSTAINABLE PACKAGING

We've saved an average of 5,000 trees from being cut down and 2 million litres of water per year that would have been used to generate paper. We're a leader in the elimination of 26 million units of plastic straws, 4.5 million units of non-recyclable paper containers, 1.5 million units of styrofoam cups and more since 2019. Since 2020, Harvey's has eliminated 200,000 units of non-recyclable black plastic clamshells by switching to recyclable clamshells made from 100% recycled water bottles.
